Preface

For the 5th time, the German Stratego Association invites you to the World Championship in Germany.

After Berlin (2x), Gladbeck and Rendsburg, this year's venue is in Nuremberg, in the direct vicinity of Fürth, where the headquarters of the German Jumbo Spiele GmbH is also located.

In the 33 years of cooperation with our sponsor Jumbo Spiele GmbH, a successful and trusting partnership has grown up around Stratego. We would like to thank Jumbo in advance for their renewed support, without such an event would be unimaginable.

But it is also the many players who visit the numerous Stratego tournaments and events in Germany and Europe every year that make Stratego one of the most successful strategy games with a history of more than 65 years.

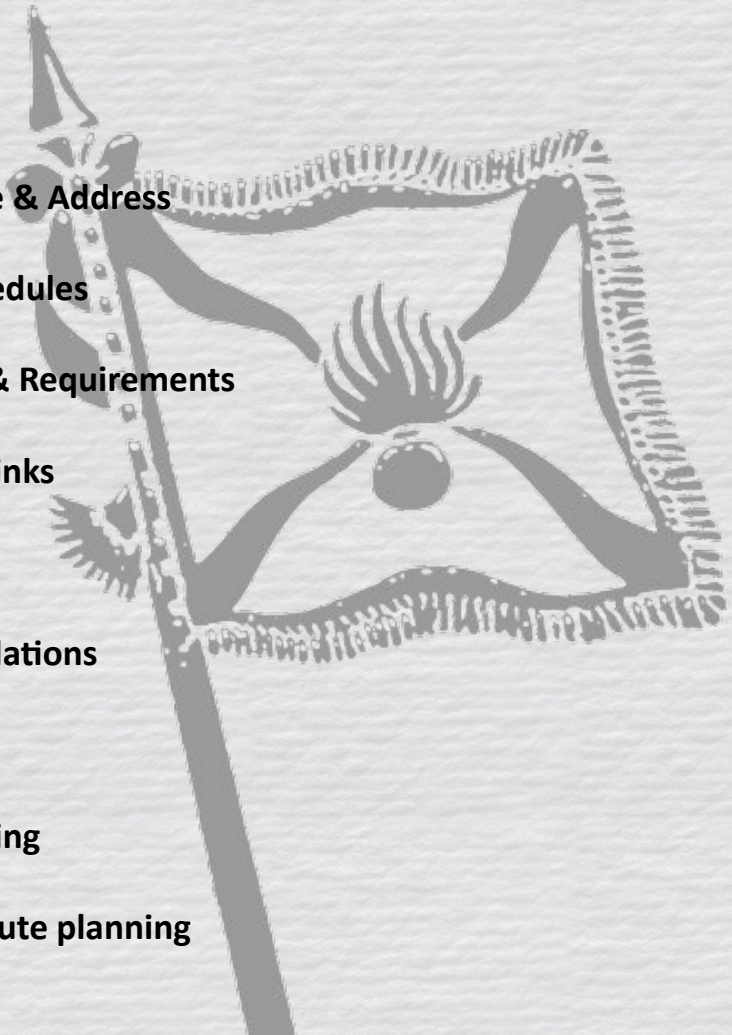

Stratego Germany as host is looking forward to many exciting games and the reunion with friends and acquaintances from all over the world. Of course, all newcomers who would like to take part in the exciting world of Stratego tournaments are also welcome.

Let's see who will conquer the most flags as the 25-time Stratego World Champion and make Stratego history.

Stratego Deutschland e.V.

The World Championship will be organized by the WC Team:

Dieter Krapp - Axel Hangg - Dirk Abel - Ela Müller

Playing venue

The Stratego World Championship will be held right in the heart of Nuremberg, in one of the most beautiful youth hostels in the world. Where hundreds of years ago knights lived and guarded the castle, today a modern center equipped with all technical means has been created, which has perfectly implemented the synthesis between historical origin and modernity.

From our youth hostel, you can reach the center of Nuremberg in just 5 minutes on foot. Here you can visit the beautiful City with nice shopping centers. Or how about a historical stroll through the city?

Nuremberg has been well known for its toys for more than 600 years. Its tradition goes back to medieval doll makers and ranges forward through outstanding makers of pewter figurines and the numerous tin toy makers of the industrial era, all the way to today's International Toy Fair, the world's most important trade show of its kind.

Registration & Requirements

Requirements

The World Championships of Stratego in Nuremberg are open to everyone willing and able to participate. You do not need to have a (long) history of playing live Stratego tournaments. If this would be your first live tournament, that is perfectly fine, and you are welcome just as much!

Please note: Participants agree that pictures and videos will be taken at the event and that these will be published. It is also necessary for the tournament process (pairings etc.) to state names, country of origin and birth dates.

Registration

We offer an online registration which you can find here:

Online Registration: <https://www.gravon.de/gravon/stratego/wm2024.jsp>

Within the registration form, you can select the events in which you would like to participate. In case your participation is conditional use the comments field.

In addition you can register via Email: strategowc2024@web.de or hangg@t-online.de

Contact info:

In case of any questions or need of assistance, you can contact the WC 2024 team at: strategowc2024@web.de or hangg@t-online.de

Rules & Regulations

International rules

Note that in case of contradicting information, the rules are published on:

<https://isfstratego.kleier.net/docs/rulreg/isfgamerules.pdf>

<https://isfstratego.kleier.net/docs/rulreg/isftournamentregulations.pdf>

Regulations for non-standard events

WC Barrage

During the WC Barrage, players who are matched up against each other will play two games. In case the first game is finished before all other players have finished their match, they should wait in order to keep the clock synchronized.

Each game of a match is scored individually using regular scoring (6-3-1). If you win two games against the same opponent during a match, the score would be 12-2. If you were to draw twice against the same opponent during a match, the score would be 6-6. A loss and a draw would get you 7-7.

WC Country teams

A country team consists of four players fulfilling the requirements as outlawed by the ISF rules & regulations. In case a country only has three players but does participate in the WC Country teams, they forfeit the 4th board.

Priority is decided by finishing place during the WC Classic Event. In case a player declines, the next in line can enter.

In case a country does not have enough players to be eligible to enter (3 or more) the WC Country teams competition but does have a player, who despite not having participated in the WC Classic event, that fulfils all requirement, they may enter this player instead. Priority still goes to those who did participate during the WC Classic event.
